FIREFIGHTER RESCUE BLADE

**DUCTILE &
CAST IRON**

METAL

**SAFE & EFFECTIVE FOR
EMERGENCY RESPONSE!**

The all new Firefighter Rescue blade is designed with Vacuum Brazed Technology and side abrasion for multi-purpose use with ductile and cast iron pipe, metal, rebar and more! It is also a safer alternative, by outlasting the life and durability compared to conventional abrasive wheels. It is compatible with hand held saws and for wet or dry cutting. Trusted most by firefighters and rescue teams!

P/N: MCR-14

**OUTLASTS UP TO 70
ABRASIVE WHEELS!**

**Vacuum Brazed
Technology**
